

KENNEDI EZEJI

TECHNICAL WRITER

Manville, NJ | 862-763-3071 | Kennediezeji0@yahoo.com | linkedin.com/in/kennediezeji

PROFESSIONAL SUMMARY

Technical Writer with experience developing, editing, and maintaining technical documentation for engineering and technology-focused environments, including NASA Headquarters and industrial robotics. Skilled in translating complex technical information into clear, structured content, collaborating with engineers and subject matter experts, and reviewing documentation for accuracy, consistency, and usability.

TECHNICAL SKILLS

Documentation: Technical documentation • SOPs • User guides • Technical editing • Documentation QA

Collaboration: SME collaboration • Engineering review • Cross-functional communication

Tools: MadCap Flare • MadCap Capture • MadCap Lingo • Microsoft Office

Content Quality: Proofreading • Content review • Information organization • Technical research

SELECTED TECHNICAL WRITING PROJECTS

UR3e Operator Guide | Independent Portfolio Project

09/2026

- Developed an operator-focused guide based on publicly available Universal Robots documentation, organizing technical and safety information for new operators.

Technical Documentation Review Process | Independent

09/2026

Portfolio Project

- Created a structured review process covering accuracy, clarity, completeness, consistency, safety information, and publication readiness.

TECHNICAL WRITING EXPERIENCE

Technical Writer | Premier Tech

03/2022 - 05/2022

Montgomery, AL

- Created technical documentation for robotic systems, translating engineering specifications into clear, standardized reference content.
- Collaborated with engineering teams to verify technical data, tolerances, and safety-related instructions before publication.
- Used MadCap Flare, Capture, and Lingo to develop and maintain documentation in accordance with internal quality standards.

Technical Writing Intern | NASA Headquarters

08/2021 - 04/2022

Virtual

- Edited IT and communications documentation, SOPs, and project guides for accuracy, clarity, consistency, and readability.
- Developed and maintained documentation across concurrent projects while working within established deadlines and review processes.
- Presented editorial revisions and documentation recommendations to senior engineers and scientists.

ADDITIONAL PROFESSIONAL EXPERIENCE

Project Manager | BiaRoz Consulting LLC

04/2025 - 11/2025

Cincinnati, OH

- Tracked campaign progress, reviewed promotional materials for accuracy and compliance, and communicated actionable findings to cross-functional stakeholders.

Family Caregiving & Household Management

2022 - 2025

- Managed family schedules, appointments, records, and service-provider communication while coordinating competing household priorities.

Substitute Teacher | Morristown School District

Current

Morristown, NJ

- Follow detailed instructional plans, document attendance and incidents accurately, and adapt quickly across changing classroom environments.

News Editor | Hornet Tribune, Alabama State University

08/2018 - 05/2020

Montgomery, AL

- Edited and curated content for clarity, accuracy, and publication standards while coordinating with writers across multiple deadlines.

EDUCATION

Bachelor of Arts in English | Minor in Political Science | Alabama State University | December 2021 | GPA: 3.5/4.0
